BROMSGROVE SCHOOL

A LEVEL RESULTS 2017

changes to the

qualifications system, I am delighted that said Peter Clague, Headmaster of Bromsgrove School.

The 220 Upper Sixth leavers took in total 733 subject qualifications this year. Overall more than a quarter of all results achieved the equivalent of an A* and just over three-fifths achieved at least an A grade. The A* - B percentage achieved is 80%

Six pupils achieved more than five A grades, twenty achieved four or more A grades with 43 gaining at least three A grades. Notable amongst these is Oscar Chou with four A* s and a further three A grades. Oscar will continue to read Medicine at the University of Hong Kong.

Bromsgrove offers a wider choice than just A levels in the Sixth Form. A large number of pupils study for the International Baccalaureate Diploma, and these results, published in July, were

average.
